INDEPENDENCE CRUISER GmbH, Eckart-Ulmann-Str. 10, D-79219 Staufen

**Press release 3<sup>rd</sup> Jan 2018**

**Independence Cruiser IC 39 – A complete new boat concept for the long range cruise**

The 12m long and 3.60 m wide Independence Cruiser is designed for 2-4 people and combines a slim displacement hull for seaworthiness, fuel efficiency and good speeds with an extraordinary comfortable and roomy interior design.

Many detailed solutions which doesn't exist so far, make this boat to an alternative for sailors who like to switch from sailing or for newcomers who wish to cover long distances in comfort as well as economical.

The independence relates to the large fuel and water tanks, the solar panels, the battery capacity as well as to the modern and fuel efficient engine.

The high quality of the solid hand laminated GRP together with the high grade materials of the interior which can be customized, make the stay on board a perfect experience.

The fully equipped boat is offered at a very interesting price by the Independence Cruiser GmbH.
